

GOLDEN BEARS

To our RAGofAZ members,

Judy Lukas is able to spin your Golden's hair and create a customized bear knitted from that hair. She will be attending the Phoenix **Bark in the Park** on January 27th.

If you are interested, here are the details:

Judy needs two to three weeks to process a bear from fur to finished article. All fur must be brushed, not *clipped*. She needs a minimum of a zip sandwich baggie stuffed full of brushed hair--packed really tightly and stuffed as full as possible. (If she doesn't have enough she will blend in a little wool to make up for it)

These are available for a donation to RAGofAZ of \$30. All check should be sent to RAGofAZ, P.O. Box 71987, Phx, AZ 85050. Please make the checks payable to RAGofAZ and put "Golden Bear" in the memo line.

The bears are about 6" tall and each one is a little different.

You can mail the fur, along with the dog(s) name and your contact information (name, address, phone, email)

If you email a photo of the dog, Judy will include it in the Doggie Donor page on her website.

Depending on where you live, Judy will drop off the bear or you can pick it up. (She lives near Thunderbird and Central in Phoenix and often travels to Flagstaff)
If you send the fur a few weeks in advance of either event, she will try to have it ready to pick up at the event!

Judy welcomes brushed fur from all breeds so that she may continue to create these bears for other rescues.

This is a unique keepsake of your dog that you can keep always.
